key points

Margin erodes with order size. 41.4% on single-unit lines, 27.3% above 100 units. The discount curve is unmanaged.

74 lines carry a third of the book. Orders over 100 units are 1.5% of all lines but 30.8% of revenue, at 27.3% margin.

One point recovered there is worth \$6.7K.

Concentration is real. Ten of 226 accounts bring 42.6% of revenue; fifty bring 80%.

Half the top ten buy below the 31.0% house rate.

Paper & Tissue is the weak book. 23.6% of revenue at 24.9% margin — the lowest rate of any category at scale.

Breakroom is the growth ask. Best margin rate in the business at 42.3%, on the smallest base at 4.8% of revenue.
